CENTRAL WATER SYSTEM

Model # EPWHCW

List Price: \$519.00

THE ECOPURE CENTRAL WATER SYSTEM – CLEAN, FILTERED WATER FOR YOUR ENTIRE HOME

Where other systems stop, the EcoPure Central Water System keeps on going – delivering clean and delicious filtered water to your entire home, not just at your kitchen faucet. The EcoPure Central Water System is more than a drinking system.

It's refreshing water at every source in your home at a fraction of the cost of bottled water. No more lifting those heavy bottles of water. The EcoPure Central Water System is wallet- and eco-friendly! No more lifting those heavy cases of bottled water and recycling all those empties.

Chlorine can be a damaging element. Aside from its unpleasant odor, it is harsh on eyes, hair, skin and fabrics. The EcoPure Central Water System removes chlorine taste and odor, reducing the harmful effects to you and your environment. Water from the EcoPure Central Water System will leave your hair and skin feeling and smelling better after a long, luxurious bath or shower. Your laundry will appreciate the chlorine-free water. Your clothing and linens will smell better and last longer.

The EcoPure Central Water System is maintenance-free – no filters to change – nothing to clean! The EcoPure Central Water System is automatically self-cleaning. And, by eliminating foul taste, and odors, it will help protect and enhance your environment.

High quality, great tasting, water at every faucet – without sacrificing water pressure – that's the The EcoPure Central Water System.
